# Eye Troubles

that cause headaches can usually be corrected by properly fitted glasses. This is a simple truth, but many still doubt and hesitate. In case glasses are not indicated, the fee for advice is small.

Any reasonable person can get satisfaction here.

## S. C. SCANTLEBURY

## Preface

We take pleasure in presenting our 1908 directory of Amherst. Hereafter the directory will be issued every January.

In accordance with our promise in the Preface of the 1905 directory we have added many new features this year, among which are:

Complete list of students of both colleges with local and home address and a directory of Hadley which we trust will be of great use to our patrons.

Thanking all who have given us assistance, we remain,

Respectfully yours,

H. A. Manning Co.

## AMHERST

Amherst, a town of about six thousand inhabitants, is beautifully located in the valley east of the Connecticut river and north of the Holyoke range of mountains. It is the seat of two noted educational institutions—Amherst College and Massachusetts Agricultural College. Originally a part of the town of Hadley.

The Central Massachusetts division of the B. & M. R. R. and New London Northern division of the C. V. R. R. pass through the town. Connected by electric railway with Northampton, Holyoke, Sunderland and Pelham.

## Amherst College

Amherst College was founded in 1821. Charter was received Feb. 21, 1825. The college has had in all nearly 6,500 students and nearly 4,500 alumni, of whom about two-thirds are now living. Little aid has been received from public funds. The edifices, grounds endowments, which now exceed \$2,000,000 in value, are almost entirely due to private benefactions.

The Presidents of the college have been:

Rev. Zephaniah Swift Moore, D. D., 1821-1823.

Rev. Herman Humphrey, D. D., 1823-1845.

Rev. Edward Hitchcock, D. D. LL. D., 1845-1854.

Rev. William Augustus Stearns, D. D. LL. D., 1854-1876.

Rev. Julius Hawley Seelye, D. D. LL. D., 1876-1890.

Merrill Edwards Gates, Ph. D., LL. D., L. H. D., 1890-1898.

Rev. George Harris, D. D., LL. D., since 1899.

The corporate name of the institution is the "Trustees of Amherst College", and the following persons constitute the

Edward A. White, B. Sc., Asst. Prof. of Floriculture and Florist  
of Mass. Agr'l Exp. Station

The College is situated one mile north of the center of the  
village of Amherst on an estate of four hundred and three acres.  
Connected with railroad station by electric railway.

The principal college buildings are twelve in number com-  
prised as follows:

North College  
South College  
The Stone Chapel  
Draper Hall  
Clark Hall  
Wilder Hall  
Entomological Department  
Durfee Plant House  
Two Experiment Stations  
Two Brick Dormitories  
Heating and Lighting Plant

Besides the above buildings there are on the estate five large  
dwelling houses and smaller buildings used for various purposes.  
Building of the Veterinary department. A large new barn erected  
last summer, fire proof, a model of its kind and is well worth in-  
spection, connected is a strictly up-to-date dairy supplied with the  
latest apparatus. The horse barn is near.

The grounds about the college are very tastefully laid out and  
are being continually improved and ornamented each summer.

The offices of the President, Dean and Treasurer and Regis-  
trar are located in South College.

The regular course of study at the college covers four years  
and the degree of Bachelor of Science is conferred upon those who

# James F. Page, Boots and Shoes

AMHERST DIRECTORY

139

complete it. All the studies are required during the first two years. Elective courses are offered during the Junior year, while all the Senior work is elective except bacteriology and the constitution of the United States. The study of various sciences, as chemistry, botany and zoology, upon which agriculture is based, forms a very prominent part of the course. In fact, students may specialize in these lines without taking the agricultural course proper. Thorough instruction is also given in mathematics, i. e., mechanics, physics, practical surveying and engineering, as well as in history political economy and modern languages. All students, except Seniors, are required to drill three hours per week.

Besides the regular four years' course, the college offers a short winter course in dairying, agriculture, horticulture and bee culture. A normal school in agriculture was held for the first time during the past summer and will probably be continued each year. This course continues about one month and is open to all teachers.

Tuition at the Massachusetts Agricultural College is free to all citizens of the United States.

## THE MASSACHUSETTS AGRICULTURAL EXPERIMENT STATION

The Massachusetts Agricultural Experiment Station is situated upon the college grounds. It has exclusive use of two large brick buildings, one the Administration building, the other occupied by the department of Plant and Animal Chemistry. Other departments of the Station are accommodated in various college buildings. The Station also has a glass house for pot experiments, poultry houses, fertilizer house and three large barns for the storage of crops and for experiments with farm animals. A considerable area of land is devoted to plot experiments for the purpose of studying the growth of plants under different methods of treatment.

The Experiment Station is supported by funds supplied by both the national and state governments. It was instituted for the purpose of aiding the farmer by investigating the manifold problems connected with the various lines of agriculture.

The official control of the sale of commercial fertilizers and food stuffs centers here. A great variety of fertilizers, cattle food and dairy products as well as drinking waters are yearly analyzed. It is found necessary in some cases to make a charge sufficient to cover the cost, but if the work promises to be of public interest, no charge is made.

The Station is organized under seven distinct departments: agricultural, horticultural, botanical, chemical (subdivided into research, fertilizer and feed and dairy divisions), entomological, veterinary and meteorological.

**Chas. Hall** **SPRINGFIELD.** Our Pictures are a Matter of Special Pride with us. Only the Best are shown in our Art Rooms.

Game, Fish or Poultry.**

**37 YEARS THE FAVORITE**

## BELL'S SPICED SEASONING

gives the effect of a dozen different varieties of pure, sweet herbs and choice selected spices. It is pure, economical, rich, yet delicate.

## ELL'S SEASONING

is endorsed by famous cooks, chefs and housekeepers throughout the country.

**FOR MEAT, GAME, FISH OR  
POULTRY THERE IS NOTHING  
TO EQUAL IT**

Sold by first class grocers throughout New England.

**ACCEPT NO OTHER BRAND**

than Bell's, the original, the only correct seasoning, nearly forty years the favorite.

# Young Women Can't See

## WHY WE ARE DYEING

Cleansing and repairing garments of every description for so little money. If you could see the amount of business we are doing, together with the skillful help employed and the facilities with which we turn out the work you would no longer marvel at our low prices. We make a specialty of dry cleansing party dresses of the most delicate fabrics. Should you prefer, we can dye them any shade, without riping or changing their original shape.

# You Men Should Not

## BE EXTRAVAGANT

Instead of buying new, bring us your old clothes. We can dye, cleanse and repair them as necessity demands, making them look as good as new. If you have an overcoat that needs any repairs, such as relining, rebinding or new pockets, let us do it. We guarantee all our work to be satisfactory. If you live in the city, telephone us to call for your packages when they are finished we will deliver them. Goods sent by mail or express receive prompt attention.
